

25 Watt Solar-Powered Attic Ventilation

Meet our sleekest model yet.

Quietly and automatically remove trapped heat and moisture from your attic—stopping stifling buildup before it reaches your living space. Powered entirely by its integrated solar panel, it will promote a cooler, drier, and healthier attic with efficient, worry-free ventilation.

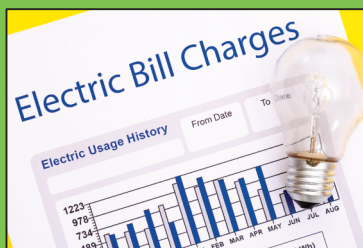

Comfort

Solar attic ventilation keeps your home cooler and more comfortable throughout.

Efficiency

Cooler attic temps improve insulation efficiency and HVAC system run less.

Protection

Less attic heat means your shingles & HVAC systems perform better with improved lifespans.

The Attic Depot Solar Fans are built with durable all-metal construction and engineered to withstand all weather conditions. Designed for reliability, performance, and backed with a **LIFETIME WARRANTY**. Built for comfort, efficiency and reliability where you need it most.
